### INTERESTS

Travel, Paintball, MotorSports  
Ebooks, Raspberry Pi, Soccer

## PROFESSIONAL

### BACKEND DEVELOPER (REMOTE)

Rappi S.A.S - Medellin | Jun 2019 - Present

Microservices development, design of solutions with third parties integrations. Refactoring. Continuous integration.

### SENIOR BACKEND DEVELOPER (REMOTE)

iExpress Media - Romania | Apr 2018 - May 2019

Development of backend infrastructure to integrate with Skype and Facebook API's. Notifications. Maintenance Java code software with real-time video implementation.

### SENIOR BACKEND DEVELOPER (LEADER)

GeekDevelopers SAS - Colombia | Sep 2016 - Mar 2018

Design and implementation of software infrastructure with MEAN stack. Microservices and plugins development. MySQL ORM deployment (wrapper): FastORM (OpenSource). Docker. Sockets. Integration with EmberJS. Integration with real-time video providers. Requirements engineering. Team coordination.

## EDUCATION

### MASTER DEGREE

UCLA University - Venezuela | Jan 2006 - May 2010

Computer Science - Software Engineering.

Degree work: Framework Open Source for development apps in Civil Engineering domain.

### BS SYSTEMS ENGINEERING

UBA University - Venezuela | Nov 1998 - Jul 1999

Honorable Mention: Magna Cum Laude.

## SKILLS

Software Development

Database (SQL, NoSQL)

Web Design, UI/UX

English (B1)

Agile Development

Lean Startup, Thinking

## PROJECTS FEATURED

- Noobe Project - City Incubators 2015 - Perú | **Winner**
- Makerlab Perú - PUCP University - Perú | **Counselor**
- Python Foundation - Venezuela | **Founder Member**
- Genetic Algorithms - COSIT 2012 - México | **Speaker**
